

COURSES FOR LEARNERS AGED 16-18

Are you passionate about all things health & beauty? Do you love to make people look and feel good about themselves?

With our school leaver programmes, you will have a range of opportunities to achieve your goals and aspirations.

We offer courses in Beauty Therapy, Nail Technology, Complementary Therapies and Makeup. Our expert staff will give you all the information, guidance, and advice you need to choose the right course.

Depending on your choice and previous qualifications, you can enrol on a traineeship, apprenticeship or study programme.

Whichever pathway you choose, you will develop the skills and knowledge that will equip you for success in your future career or studies. You will have the opportunity to spend some time in a work placement and develop your confidence, as well as your employability skills.

If you would like to find out more about this course and secure a place, the next step is to arrange a course interview. This is a great opportunity for us to discuss the course in more detail and answer any questions you may have.

General Entry & Course Requirements

Commitment, enthusiasm and having positive attitudes and behaviours are critical for your future. We expect you to adhere to the high positive standards as set in our Code of Conduct. You will also be required to attend all classes and examinations, including those for Maths and English (if applicable). Further entry criteria may apply for your chosen course and these will be discussed during your interview.

Please contact your local White Rose Beauty College for full details of availability. Details can be found overleaf.
