Dear Parents/Carers,

At OIEA we believe in enriching the lives of our pupils with a range of extracurricular clubs and opportunities. As part of the OAT trust we are delighted to offer two international trips in the coming years. These are Science focussed trips and are run directly by the trust, not by the school itself.

Towards the end of next year and the year after the trust have trips being arranged for Disneyland Paris and Miami and will be conducting an online information evening for parents next week.

Tuesday 14th November – starting at 6pm

Disneyland Paris trip will be running towards the end of next year for children currently in year 9 (year 10 next year)

Wednesday 15th November – starting at 6pm

USE [THE LINK ON THE NEWS SECTION OF THE WEBSITE](#)

Miami trip will run in June/July 2025 and is open to children in year 8 and year 9 (year 9 and year 10 next year)

Please note that children are welcome to attend the meetings, **but only with a responsible adult.**

Thanking you for your continued support.

Yours sincerely,

Mr Cross

Ormiston Ilkeston Enterprise Academy

Disneyland Paris

Who is this for?

Year 9 students (as of September 2023)

When will it run?

November 2024 (to February 2025) date to be confirmed

What will it involve?

This educational event provides you with everything you need, to undertake a once-in-a-lifetime, truly curriculum-led, trip to Disneyland Paris.

The four-day, three-night trip includes:

- Entry to the resort's two theme parks, Disneyland Park and Walt Disney Studios Park
- One science and STEM seminar
- An interactive workshop and several specialist assignments
- Breakfast and the evening meal
- Transport to Disney (from the agreed departure point)

School trips to Disneyland Paris have now become commonplace in many schools as they offer students a rich tapestry of experiences and an opportunity to develop a wide range of skills. Furthermore, as this trip will be run across all OAT schools, your child, should they be fortunate enough to secure a place, will have the opportunity to work with and form new friendship with students from across the UK. It is therefore vital that any student going on the trip can demonstrate and maintain a positive attitude to learning.

Scan me to register your interest!

There will be a maximum of 44 places available to all Year 9 students, with a proposed cost of £450, subject to the final booking. If the trip was to be over-subscribed then a selection process will be applied.

Register your expression of interest by Monday 2 October 2023 using the link <https://forms.office.com/e/4URzgGQBBd> or QR code.

Miami 2025

As part of the ongoing work of OAT STEMFest we are pleased to announce that in June 2025, Ormiston Academies Trust will be running an enrichment **trip to Miami, USA**.

This trip is open to any current **Year 8 or 9** student, from **any** OAT secondary school. Places will be limited to 30 students from across the 32 secondary schools.

The trip is scheduled to take place at the end of June 2025 and will provide students with a **six-night stay in Miami**. During their time in this vibrant city, students will have the opportunity to immerse themselves in its rich **cultural offerings**. In addition to exploring the cultural wonders of Miami, students will also have various opportunities to expand their knowledge of the natural world, arts, and physical sciences.

This is not just a trip for those who love **science**, but for any student who has a **passion for adventure**, love of learning and **meeting new people**.

Some of the proposed activities are shown below as well as the **Venetian outdoor swimming pool, the Dolphin shopping mall, South Beach and many more...**

Finally we endeavour to allow any student who attends, the chance to work collaboratively with students from Miami Dade College, whilst they are on the trip.

The proposed cost for the trip is £2,000. This is subject to final booking arrangement, but **will cover the cost of travel, food, accommodation and all planned activities**.
